YOUR SIDE™

Join some of our BC H&V parents & Guides at our next virtual coffee chat for parents. We'll share some things we learned from the H&V Leadership conference that may be helpful to our parent community here in BC.

This is a place for parents to chat with other parents who have deaf/hard of hearing children. We will help support any challenges you may be having and join you in celebrating the accomplishments and joys this unique journey provides.

ASL interpreter will be available if requested by October 3

**THURSDAY
